

# 303 All-Surface Interior Cleaner

## Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Issue date: 01/29/2019

Revision date: 03/18/2021

Supersedes: 03/18/2021

Version: 1.5

### SECTION 1: Identification

#### 1.1. Identification

Product form : Mixture  
Trade name : 303 All-Surface Interior Cleaner  
Synonym : 700046  
Part numbers : 30588; 30588CSR

#### 1.2. Recommended use and restrictions on use

Recommended use : Read label before use.  
Restrictions on use : Use per the label directions

#### 1.3. Supplier

##### Manufacturer

Gold Eagle Co  
4400 S Kildare Ave  
Chicago, IL 60632-4372  
T 773-376-4400  
<https://www.goldeagle.com/>

#### 1.4. Emergency telephone number

Emergency number : INFOTrac: 1-800-535-5053

### SECTION 2: Hazard(s) identification

#### 2.1. Classification of the substance or mixture

##### GHS US classification

Not classified

#### 2.2. GHS Label elements, including precautionary statements

##### GHS US labeling

No labeling applicable

#### 2.3. Other hazards which do not result in classification

No additional information available

#### 2.4. Unknown acute toxicity (GHS US)

Not applicable

### SECTION 3: Composition/Information on ingredients

#### 3.1. Substances

Not applicable

#### 3.2. Mixtures

| Name                              | Product identifier   | %         | GHS US classification                                                  |
|-----------------------------------|----------------------|-----------|------------------------------------------------------------------------|
| Diethylene glycol monobutyl ether | (CAS-No.) 112-34-5   | 0.25 – 10 | Flam. Liq. 4, H227<br>Eye Irrit. 2, H319                               |
| SURFACTANT GROUP                  | (CAS-No.) 68439-46-3 | 0.1 – 10  | Acute Tox. 4 (Oral), H302<br>Skin Irrit. 2, H315<br>Eye Irrit. 2, H319 |

Full text of hazard classes and H-statements : see section 16

### SECTION 4: First-aid measures

#### 4.1. Description of first aid measures

First-aid measures after inhalation : Remove person to fresh air and keep comfortable for breathing.  
First-aid measures after skin contact : Wash skin with plenty of water.  
First-aid measures after eye contact : Rinse eyes with water as a precaution.  
First-aid measures after ingestion : Call a poison center/doctor/physician if you feel unwell.

# 303 All-Surface Interior Cleaner

## Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

### 4.2. Most important symptoms and effects (acute and delayed)

### 4.3. Immediate medical attention and special treatment, if necessary

Treat symptomatically.

## SECTION 5: Fire-fighting measures

### 5.1. Suitable (and unsuitable) extinguishing media

Suitable extinguishing media : Water spray. Dry powder. Foam. Carbon dioxide.

### 5.2. Specific hazards arising from the chemical

Hazardous decomposition products in case of fire : Toxic fumes may be released.

### 5.3. Special protective equipment and precautions for fire-fighters

Protection during firefighting : Do not attempt to take action without suitable protective equipment. Self-contained breathing apparatus. Complete protective clothing.

## SECTION 6: Accidental release measures

### 6.1. Personal precautions, protective equipment and emergency procedures

#### 6.1.1. For non-emergency personnel

Emergency procedures : Ventilate spillage area.

#### 6.1.2. For emergency responders

Protective equipment : Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection".

### 6.2. Environmental precautions

Avoid release to the environment.

### 6.3. Methods and material for containment and cleaning up

Methods for cleaning up : Take up liquid spill into absorbent material.  
Other information : Dispose of materials or solid residues at an authorized site.

### 6.4. Reference to other sections

For further information refer to section 13.

## SECTION 7: Handling and storage

### 7.1. Precautions for safe handling

Precautions for safe handling : Ensure good ventilation of the work station. Wear personal protective equipment.  
Hygiene measures : Do not eat, drink or smoke when using this product. Always wash hands after handling the product.

### 7.2. Conditions for safe storage, including any incompatibilities

Storage conditions : Store in a well-ventilated place. Keep cool.

## SECTION 8: Exposure controls/personal protection

### 8.1. Control parameters

|                                                     |                                             |
|-----------------------------------------------------|---------------------------------------------|
| <b>303 All-Surface Interior Cleaner</b>             |                                             |
| No additional information available                 |                                             |
| <b>Diethylene glycol monobutyl ether (112-34-5)</b> |                                             |
| <b>USA - ACGIH - Occupational Exposure Limits</b>   |                                             |
| Local name                                          | Diethylene glycol monobutyl ether           |
| ACGIH TWA (ppm)                                     | 10 ppm (Inhalable fraction and vapor)       |
| Remark (ACGIH)                                      | TLV® Basis: Hematologic, liver & kidney eff |
| Regulatory reference                                | ACGIH 2019                                  |
| <b>SURFACTANT GROUP (68439-46-3)</b>                |                                             |
| No additional information available                 |                                             |

# 303 All-Surface Interior Cleaner

## Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

### 8.2. Appropriate engineering controls

Appropriate engineering controls : Ensure good ventilation of the work station.  
Environmental exposure controls : Avoid release to the environment.

### 8.3. Individual protection measures/Personal protective equipment

#### Hand protection:

Protective gloves

#### Eye protection:

Safety glasses

#### Skin and body protection:

Wear suitable protective clothing

#### Respiratory protection:

In case of insufficient ventilation, wear suitable respiratory equipment

#### Personal protective equipment symbol(s):

## SECTION 9: Physical and chemical properties

### 9.1. Information on basic physical and chemical properties

|                                                 |                                     |
|-------------------------------------------------|-------------------------------------|
| Physical state                                  | : Liquid                            |
| Appearance                                      | : Liquid.                           |
| Color                                           | : Colorless clear                   |
| Odor                                            | : Pleasant odour                    |
| Odor threshold                                  | : No data available                 |
| pH                                              | : 7 – 8                             |
| Melting point                                   | : > 32 °F                           |
| Freezing point                                  | : No data available                 |
| Boiling point                                   | : 212 °F                            |
| Flash point                                     | : > 200 °F                          |
| Relative evaporation rate (butyl acetate=1)     | : No data available                 |
| Flammability (solid, gas)                       | : Not applicable.                   |
| Vapor pressure                                  | : 17.5 mm Hg                        |
| Relative vapor density at 20 °C                 | : < 1                               |
| Relative density                                | : 1.01                              |
| Solubility                                      | : Soluble in water.<br>Water: 100 % |
| Partition coefficient n-octanol/water (Log Pow) | : No data available                 |
| Auto-ignition temperature                       | : No data available                 |
| Decomposition temperature                       | : No data available                 |
| Viscosity, kinematic                            | : 3 mm <sup>2</sup> /s (40 °C)      |
| Viscosity, dynamic                              | : No data available                 |
| Explosion limits                                | : No data available                 |
| Explosive properties                            | : Not explosive.                    |
| Oxidizing properties                            | : Not oxidising.                    |

### 9.2. Other information

No additional information available

# 303 All-Surface Interior Cleaner

## Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

### SECTION 10: Stability and reactivity

#### 10.1. Reactivity

The product is non-reactive under normal conditions of use, storage and transport.

#### 10.2. Chemical stability

Stable under normal conditions.

#### 10.3. Possibility of hazardous reactions

No dangerous reactions known under normal conditions of use.

#### 10.4. Conditions to avoid

None under recommended storage and handling conditions (see section 7).

#### 10.5. Incompatible materials

No additional information available

#### 10.6. Hazardous decomposition products

Under normal conditions of storage and use, hazardous decomposition products should not be produced.

### SECTION 11: Toxicological information

#### 11.1. Information on toxicological effects

|                             |                  |
|-----------------------------|------------------|
| Acute toxicity (oral)       | : Not classified |
| Acute toxicity (dermal)     | : Not classified |
| Acute toxicity (inhalation) | : Not classified |

| Diethylene glycol monobutyl ether (112-34-5) |                                                                                                      |
|----------------------------------------------|------------------------------------------------------------------------------------------------------|
| LD50 dermal rabbit                           | 2764 mg/kg body weight (Equivalent or similar to OECD 402, Rabbit, Male, Experimental value, Dermal) |

| SURFACTANT GROUP (68439-46-3) |                               |
|-------------------------------|-------------------------------|
| LD50 oral rat                 | 1378 mg/kg (Rat, Oral)        |
| LD50 dermal rabbit            | > 2000 mg/kg (Rabbit, Dermal) |

|                                   |                                |
|-----------------------------------|--------------------------------|
| Skin corrosion/irritation         | : Not classified<br>pH: 7 – 8  |
| Serious eye damage/irritation     | : Not classified<br>pH: 7 – 8  |
| Respiratory or skin sensitization | : Not classified               |
| Germ cell mutagenicity            | : Not classified               |
| Carcinogenicity                   | : Not classified               |
| Reproductive toxicity             | : Not classified               |
| STOT-single exposure              | : Not classified               |
| STOT-repeated exposure            | : Not classified               |
| Aspiration hazard                 | : Not classified               |
| Viscosity, kinematic              | : 3 mm <sup>2</sup> /s (40 °C) |

### SECTION 12: Ecological information

#### 12.1. Toxicity

|                   |                                                                                                                        |
|-------------------|------------------------------------------------------------------------------------------------------------------------|
| Ecology - general | : The product is not considered harmful to aquatic organisms or to cause long-term adverse effects in the environment. |
|-------------------|------------------------------------------------------------------------------------------------------------------------|

| Diethylene glycol monobutyl ether (112-34-5) |                                                                                                                                                 |
|----------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------|
| LC50 fish 1                                  | 1300 mg/l (Equivalent or similar to OECD 203, 96 h, Lepomis macrochirus, Static system, Fresh water, Experimental value, Nominal concentration) |
| EC50 Daphnia 1                               | > 100 mg/l (EU Method C.2, 48 h, Daphnia magna, Static system, Fresh water, Experimental value, Locomotor effect)                               |

# 303 All-Surface Interior Cleaner

## Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

### Diethylene glycol monobutyl ether (112-34-5)

|               |                                                                                                                                                             |
|---------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------|
| ErC50 (algae) | 1101 mg/l (Equivalent or similar to OECD 201, 72 h, Pseudokirchneriella subcapitata, Static system, Fresh water, Experimental value, Nominal concentration) |
|---------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------|

### 12.2. Persistence and degradability

#### Diethylene glycol monobutyl ether (112-34-5)

|                               |                                 |
|-------------------------------|---------------------------------|
| Persistence and degradability | Readily biodegradable in water. |
|-------------------------------|---------------------------------|

#### SURFACTANT GROUP (68439-46-3)

|                               |                                 |
|-------------------------------|---------------------------------|
| Persistence and degradability | Readily biodegradable in water. |
|-------------------------------|---------------------------------|

### 12.3. Bioaccumulative potential

#### Diethylene glycol monobutyl ether (112-34-5)

|                                                 |                                                                                               |
|-------------------------------------------------|-----------------------------------------------------------------------------------------------|
| Partition coefficient n-octanol/water (Log Pow) | 1 (Experimental value, OECD 117: Partition Coefficient (n-octanol/water), HPLC method, 20 °C) |
|-------------------------------------------------|-----------------------------------------------------------------------------------------------|

|                           |                                                  |
|---------------------------|--------------------------------------------------|
| Bioaccumulative potential | Low potential for bioaccumulation (Log Kow < 4). |
|---------------------------|--------------------------------------------------|

#### SURFACTANT GROUP (68439-46-3)

|                           |                                    |
|---------------------------|------------------------------------|
| Bioaccumulative potential | No bioaccumulation data available. |
|---------------------------|------------------------------------|

### 12.4. Mobility in soil

#### Diethylene glycol monobutyl ether (112-34-5)

|                 |                                |
|-----------------|--------------------------------|
| Surface tension | 27 mN/m (25 °C, 0.00212 mol/g) |
|-----------------|--------------------------------|

|                |                                       |
|----------------|---------------------------------------|
| Ecology - soil | Low potential for adsorption in soil. |
|----------------|---------------------------------------|

### 12.5. Other adverse effects

No additional information available

## SECTION 13: Disposal considerations

### 13.1. Disposal methods

Waste treatment methods : Dispose of contents/container in accordance with licensed collector's sorting instructions.

## SECTION 14: Transport information

### Department of Transportation (DOT)

In accordance with DOT

Not regulated

### Transportation of Dangerous Goods

Not regulated

### Transport by sea

Not regulated

### Air transport

Not applicable

## SECTION 15: Regulatory information

### 15.1. US Federal regulations

#### Diethylene glycol monobutyl ether (112-34-5)

|                                                                           |
|---------------------------------------------------------------------------|
| Listed on the United States TSCA (Toxic Substances Control Act) inventory |
|---------------------------------------------------------------------------|

### 15.2. International regulations

#### CANADA

# 303 All-Surface Interior Cleaner

## Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

### Diethylene glycol monobutyl ether (112-34-5)

Listed on the Canadian DSL (Domestic Substances List)

#### EU-Regulations

No additional information available

#### National regulations

No additional information available

#### 15.3. US State regulations

No additional information available

## SECTION 16: Other information

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Revision date : 03/18/2021

Full text of H-phrases:

|      |                               |
|------|-------------------------------|
| H227 | Combustible liquid            |
| H302 | Harmful if swallowed          |
| H315 | Causes skin irritation        |
| H319 | Causes serious eye irritation |
